

Welcome Letter

Thank you for scheduling a consultation with me as recommended to you by your regular eye doctor. We strive to make your visit with us a pleasant and beneficial experience!

In order to make your visit most productive, please complete the Vision Questionnaire to the best of your ability, and bring it to your appointment.

Many patients undergoing cataract and refractive lens surgery are eligible to upgrade to Premium Lenses that focus their eyes for both far and near vision, allowing them to be glasses-free for most of their daily activities. Ask us about these exciting Premium Lens options. A Premium Lens costs more than the standard lens that requires you to wear glasses to see normally. Ask about our financing options.

To learn more, please visit my website www.JohnDavidsonMD.com which has patient education videos, and links to informational sites!

I look forward to seeing you, and helping you to see well!

Sincerely,

John Davidson, M.D.

About Dr. Davidson

After earning his Medical Doctorate with Highest Distinction (top 1%) at Indiana University, and completing his ophthalmology residency also at Indiana University, Dr. Davidson won the Clinical Fellow Research Award during his fellowship training at the prestigious Jules Stein Eye Institute at UCLA, where he is Assistant Clinical Professor. Certified by the American Board of Ophthalmology, Dr. Davidson specializes in Cataract and Refractive Surgery having performed more than 13,000 sight-restoring surgeries. Dr. Davidson implants more Alcon lenses and more Crystalens lenses than any other surgeon in the Greater Los Angeles Area. He trains, teaches and lectures on advanced surgical techniques, and has earned the prestigious Physician Recognition Award from the American Medical Association. Dr. Davidson has been named one of “America’s Top Ophthalmologists” in 2007 and 2008.
